🎓 EDUCATION

PDPM Indian Institute of Information Technology, Design and Manufacturing, Jabalpur

Bachelor of Technology, Computer Science and Engineering

CGPA : 7.8

2018 – 2022

Jabalpur, India

💼 PROFESSIONAL EXPERIENCE

Paytm

Software Development Engineer

- Integrated Qwikbus, Freshbus, and Travelyaari indirect providers using NodeJS to create APIs for managing various aspects of the booking process, including cities, routes, bookings, blocks, cancellations, and seat layouts.
- Developed enhancements for the Sponsored Listing API and created a GoLang API for generating and updating tags for sponsored listings, demonstrating expertise in API development, UI/UX optimization, and technical proficiency in GoLang.
- Developed a NodeJS script for generating CSV documents to upload information for boarding points, dropping points, latitude, and longitude for Infinity and Infinity Direct providers.
- Conducted a comprehensive analysis and provided recommendations for replacing Redis with Aerospike, demonstrating expertise in data analysis, system optimization, and NodeJS integration.

Jun 2022 – present

Bangalore, India

Software Developer Intern

- Developed multiple APIs using NodeJS technology stack.
- Contributed to the development of Bus Notifications and Bus User Rating APIs.

Jan 2022 – Jun 2022

Bangalore, India

Cloudlex Inc.

Software Engineer Intern

- Worked on user activity tracking Mixpanel analytics.
- Built a Conversational AI Bot for taking user details using Bot Framework Composer.
- Worked on the Frontend UI using ReactJs and FluentUI.

May 2021 – Sep 2021

Pune, India
